GUEST LECTURE ON "IMPORTANCE OF LINUX"
6-03-2021

REPORT

Our department has organized a Guest lecture on "Importance of Linux" on 6th March 2021. It is jointly organized with School of Linux, Madurai. Thanks to our management and principal for giving the opportunity to our department to organize such a wonderful function. This programme was inaugurated by our Head of the Department Dr.A.Meenakshi. Dr.A.Anandh, Associate Professor, Department of CSE, welcomed the gathering. The Head of the Department of CSE Dr.A.Meenakshi, in her inaugural address, addressed the importance of this program and asked the students to carefully listen the session due to the importance of the Linux Operating System. This topic is currently available in the student's curriculum. This program was co-ordinated by Mr.A.Anandh.

The guest lecture programme was organized into two sessions. The programme was organized as per the following schedule.

II CSE A – Morning – 10.30am to 12.40pm

II CSE B – Afternoon – 1.30pm to 3.30 pm

In this program, 80 students from II CSEA and II CSE B have participated. The resource person Mr.S.Sureshkannan, RED HAT LINUX Certified System Administrator gave the information about Linux Operating system. Also he shared more information about the installation procedure and application of Linux operating system. He explained about the Linux system's three components such as, the kernel, hardware layer and system utility. Also hands- on session was given by the resource person. The program came to an end with the proposal of vote of thanks by the HoD of CSE.

Number of participants: 80

Resource Person:

Mr.S.Sureshkannan,

RED HAT LINUX Certified System Administrator

School of Linux, Madurai

Overall comments given by the II CSE A students

- The session was very good
- The session was very informative
- It was totally an interactive session and very useful
- Expecting more workshop like this in future
- It improves the skills in Linux basics and command

Overall comments given by the II CSE B students

- The lecture was informative and it helps to came across some of the unknown terminologies which was useful.
- It was good and informative
- Session was good and interesting
- The session was good and valuable

The Department of Computer Science and Engineering is organizing a one day workshop on **"IoT Projects"** through ISTE Students Chapter on **09.03.2021** for **III CSE** students.

Resource Person: Industrial Person from Quantanics TechServ (P) Ltd.,

Objective of the Workshop

Explain the basic concepts of IoT and the requirements to design own IoT solutions

TOPIC OF THEORY	HANDS ON PRACTICAL (Individual)	REQUIREMENT OF MATERIALS
IOT Introduction, Basics of C Programming, Basic Electronics	Setting up Arduino IDE, LED Blinking, Traffic Light System	For Software - Student Laptop/Desktop For Hardware - Kit will be provided by Quantanics
Diving deep into C programming (functions)	LED control using push button, Motor switching on using relay	For Software - Student Laptop/Desktop For Hardware - Kit will be provided by Quantanics
C pointers, arrays and memory allocation	Temperature sensor to display temperature	For Software - Student Laptop/Desktop For Hardware - Kit will be provided by Quantanics
ESP 32/ ESP8266 architecture	LED and Switch Control basics using ESP	For Software - Student Wifi, Laptop/Desktop For Hardware - Kit will be provided by Quantanics
Timer	Counter, Clock	For Software - Student Laptop/Desktop For Hardware - Kit will be provided by Quantanics

Report on Workshop "AWS Cloud"

06.09.21

Cloud computing is a recent technology which is useful in storing and accessing data and programs over the internet instead of our computer's hard drive. Cloud computing is so important because it offers flexibility, data recovery, little to no maintenance, easy access and a higher level of security. Cloud storage is one of the greatest benefits cloud computing has to offer. Data can be accessed from any device and anywhere in the world, which is ideal for remote workers and offices.

As the lead cloud computing platform, Amazon Web Services (AWS) is the primary profit driver for Amazon. AWS provides servers, storage, networking, remote computing, email, mobile development, and security. Being an AWS certified opens many opportunities for landing a good, and high-paying career. It grows credibility that will help the students to grow in their career.

As part of curriculum for IV Year students, the subjects Cloud computing is included. Practical knowledge is also imparted through a practical subject. It is very crucial for the students to have a deep knowledge in Cloud to be selected in interviews.

To support the students in getting deep knowledge in Cloud Computing, a four day workshop on "AWS Cloud" was conducted from 01.09.21 to 04.09.21. Mr.S.K.Karthik Kumar, Technical Consultant, Autosec Systems was the resource person. It was sponsored by ISTE students' chapter. One hundred and five students attended the workshop and actively participated. They were able to explore new concepts in Cloud computing and were able to use AWS Cloud. Hands on experience helped them to use cloud for storage, networking and remote computing.

Comments

- Good and Clear explanation.
- Way of approaching and communication was good
- The workshop was good and informative
- Need two weeks training session
- Knowledge about AWS cloud was useful
- Hands on experience was easy to understand.
- It woud be better if the lab was prepared before workshop.
