		<p>members unanimously accepted her suggestion and informed that audit by external members will be done.</p> <p>2. Er. Malaya Rout appreciated the activities done by the college during this period and he observed that this will mold the students face the interviews and the world once they graduate. He also suggested that in addition to Artificial Intelligence and Internet of Things, the college can include courses on Blockchain and Cloud Technology. He also suggested that external certifications like AWS and Microsoft Azure may be introduced to the students.</p> <p>.</p> <p>Dr. Indradevi explained that in the new autonomous curriculum, all the emerging technologies have been introduced to the students of CSE, IT and AIDS. She also informed that these new courses on emerging technologies will be introduced to other branch students as open elective courses. She also informed that students are trained to undergo AWS and Microsoft certifications.</p> <p>3. Er. Ramji Srimurugan emphasized the need for showcasing the modifications/improvements done in our curriculum related to the AU curriculum in the website. He also suggested that the research activities of the departments need to be publicized in our college website to improve the public image of our college and to promote admission. He also suggested that the futuristic plans of the college should be based on National Education Policy.</p>

		<p>4. Er. Malaya also suggested that in addition to the curricular activities, the students should be taught softskills. Dr. Vasanthi (Dean, Academics) commented how the college is also taking care of this aspect and explained the activities done for the I, II, III and IV students to improve their reading skills, communication skills, face interviews etc.</p> <p>5. Ms. Sanju Roy, student representative observed that there was lot of possibilities for live interactions and debate in offline classes and it helped them to learn a lot. But in the online classes, it was difficult to have such interactions and live practical sessions. She expressed that their academic progress was disturbed. She expressed that the simulation labs are not similar to the live practical sessions. The Chairman, IQAC assured that once everything returns to normality after this pandemic, hands-on-training will be given for the practical sessions that the students missed.</p>
