Dear Karthiga,

Sub: Invitation for an Alumni Guest Lecture on “Soft Skills” - Reg.

The Department of Information Technology, Kamaraj College of Engineering and Technology, Madurai is organizing an **Alumni Guest Lecture on 26-10-2021 (Tuesday) from 2 pm to 3 pm**. We would be glad if you could share your knowledge and expertise on the importance of “Soft Skills” with your juniors.

I crave you to help your juniors with the available career options, their importance, and the relevance of specific fields in industry and placement opportunities. Our students might be having a plenty of questions to opt for a career path and this would provide them a clear picture of the current scenario of the industry and a wide range of opportunities in real world.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
Alumni Interaction on
Industry Expectation from Freshers

Date: 28.12.2021

REPORT

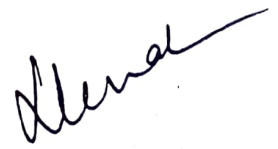

The Department of computer Science and Engineering , Kamaraj college of Engineering and Technology organized an alumni interaction –“ Industry expectation from Freshers” on 28.12.2021.

Mr.B.Muthukrishan Vinayagam and Ms.T.Rajashree welcomed the alumnus of 2012-2013. Mr.S.Siva Guru, Associate Software Engineer, Standard Chartered Bank introduced the current trends, industry standards, industry culture, work nature, skill set to be equipped for current technologies in software industry.

He delivered that there are wide opportunities available for IT sector in today's competitive environment. He advised the students to enhance the skillset and knowledge by getting online certification in recent technologies to meet the industry needs and that they can sustain in the IT sector and promote themselves in career growth.

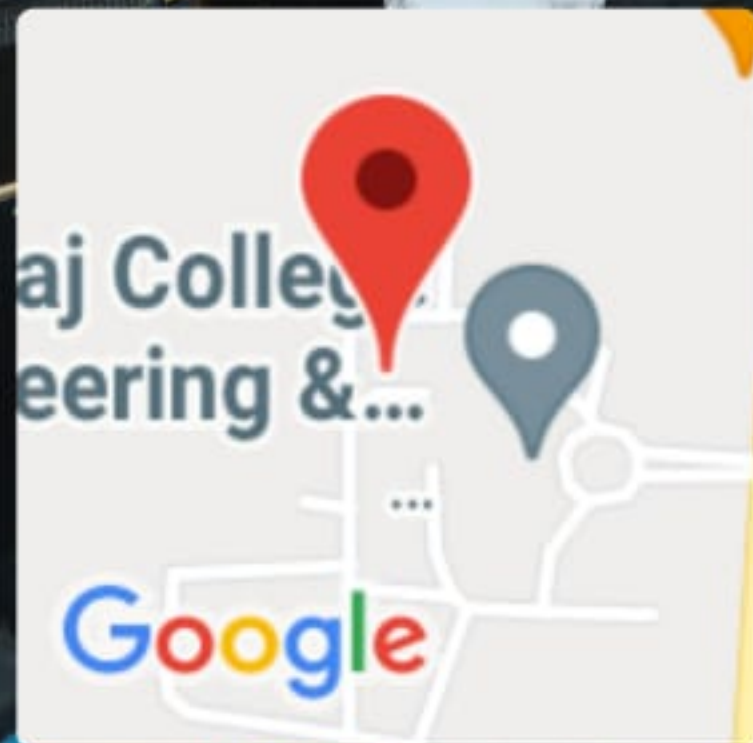

The alumni interaction was attended by 187 students from second and third year

THE MINUTES:

The meeting is called for interaction with alumni and considering the importance of skillsets required for placement

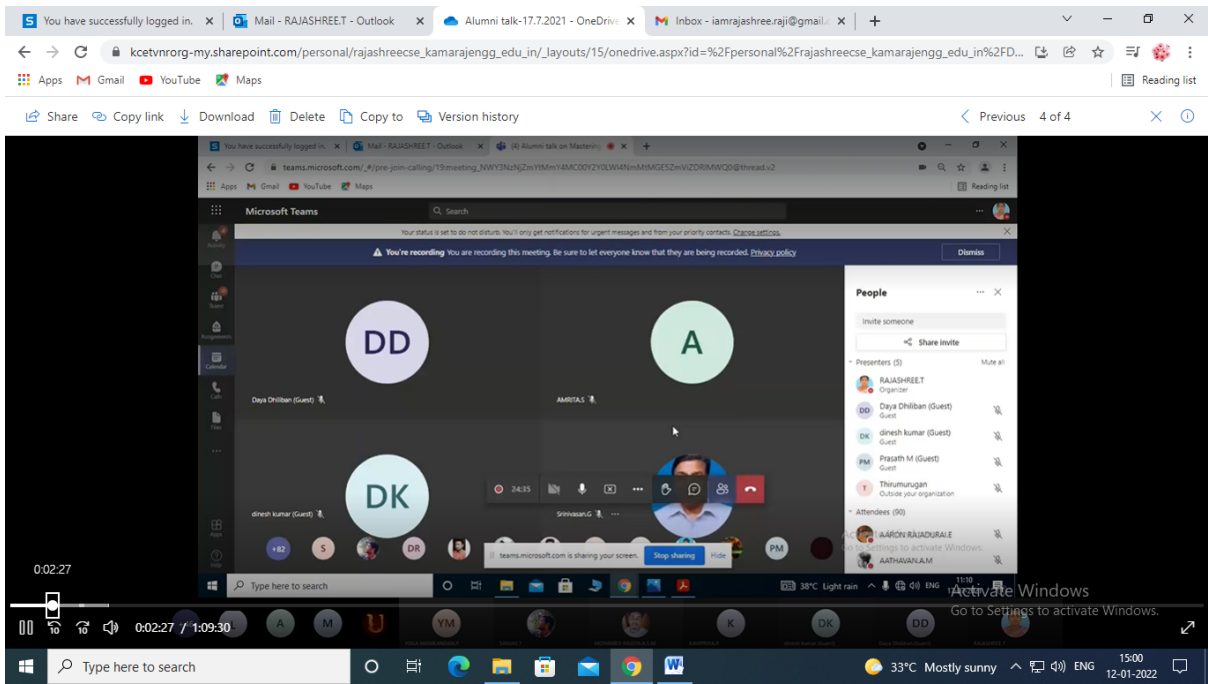

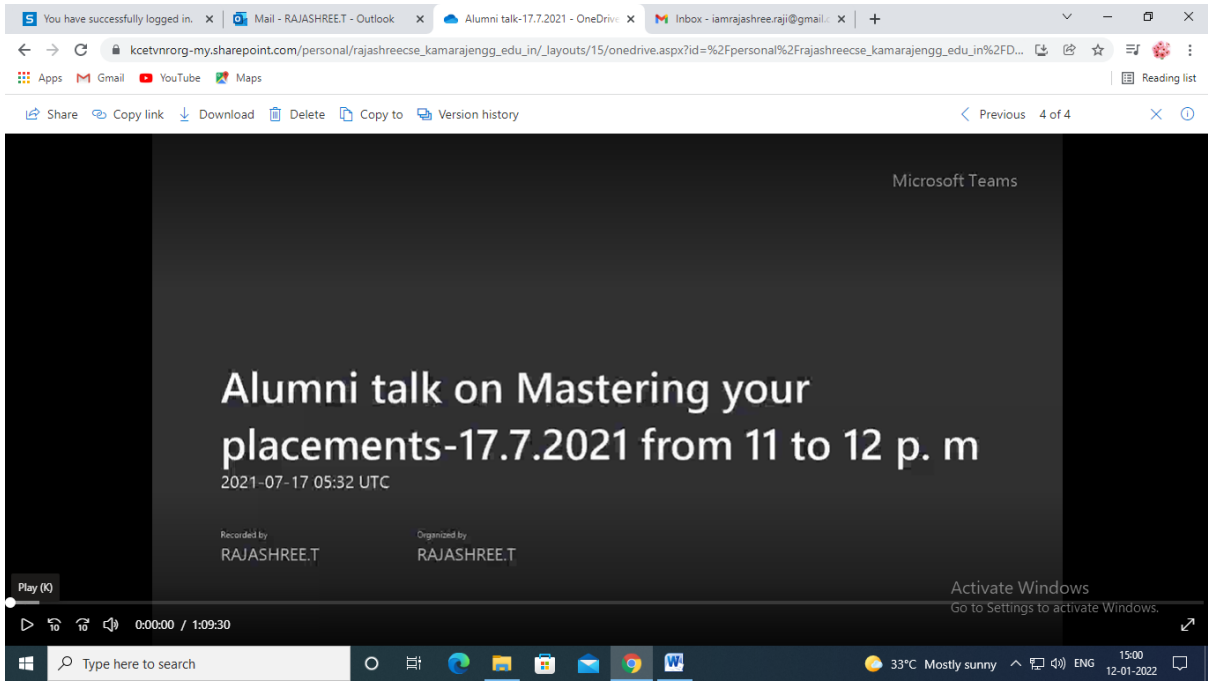

DISCUSSIONS:

- Ms.T.Rajashree, the alumni coordinator invited all the alumni who will go to interact with their pre-final and final year students.
- Ms.T.Rajashree and Mr.M.Rajasekaran introduced the alumni profile for the mastering your placement session.
- M.Prasath of 2018 batch suggested that solving more problems that help in developing problem solving skills. He suggested that learning new technology through videos or online websites that helps project. He suggested that working in multiple teams, developing programming skills, operational and functional skills. He suggested that working in small companies has the opportunity to have multiple roles. The understanding of logic in solving the problem is very important and represents it in various languages.
- Maharajan of prefinal year asked a question with prasath that what problem he faced during the interview. M. Prasath replied that he got rejected in seven to eight companies due to communication skills. He suggested that talking in a manageable way is very sufficient for convincing them.
- Dr.A. Anandh interacted with prasath to share his current domain working projects. He replied that he is currently working for UK and US companies that is related to ecommerce. He is developing software for managing the team. Currently market trending programming are larvel, ,python, reactJS and Javascript.

- K.Thirumurugan of 2021 batch shared his experience in getting his job in TCS. He shared the questions asked in the interview. The various platform are NQT test with aptitude and code vita without aptitude. TCS conducts competition that has 3 rounds- prequalifier, qualifier and grand challenge. Solving a programming question using python requires time limit and memory limit. Do not worry about reading the question for two to three pages, the code answer is up to six to eight lines. Cracking the competition provides an internship for prefinal year students and job offer for final year students. Coding in unique way is important and will be asked by an interviewer. The questions will be on data structure, object oriented programming concepts. Mostly interviewers asked to share the coding screen. Do the projects in a useful way by answering the WH questions that helps to talk for about 20 to 30 minutes in an interview. UML diagrams for a scenario are asked to understand the roles and functionalities of the project.
- Dr.A.Anandh asked Thirumurugan to share the reason behind his self-motivation. Thirumurugan replied that he got stucked in first year and he improved himself in developing new skillsets by doing projects.
- S.Dinesh kumar of 2021 batch informed that having no arrears from the first year is eligible to attend all interviews. He highlighted that studying software Engineering has a role in the IT industry. Even non-coders have the role such as scrum master. Their role is to check whether agile process is followed in the project. Concentrate on basic level of aptitude problems. Attend all the training sessions offered in the college. Practice in INFITYQ platform, codevita, code ninja, hacker earth and hacker rank and code chef. Attend NQT test for better training in aptitude. Develop advanced coding knowledge in documentation of the website. Revise all the concepts learned from first year that helps in attending the interview. Develop self-motivation in getting their placement offers.
- D.P. Daya Dhilipan of 2021 batch suggested that having no standing arrears is the eligibility for attending the entire interview. He suggested that preparing resume should be in a unique way and put the correct data of doing mini projects. The interviewers mostly asked questions on your projects and area of interest. Attend all the training session offered in the college that is very useful for solving the aptitude problems in a quicker way. Refer the previous year university questions of the company and get practice in indiabix.com. He advised that try to learn the mistakes from the placemen that you got rejected. He suggested that while attending interview, check the functionalities of mike and internet bandwidth. Prepare self-introduction in a particular order and that will be useful for proper delivery of communication. In interview, mostly questions will be from object oriented concepts, data structure and area of interest. Attend the entire mock interview offered in the college that is very useful for your preparation.
- Renish of final year student asked that how to select a specific job from multiple job offers. Daya Dhilipan replied that we select a job from our choice and I won't create a bad impact on it.
- M. Sathish kumar of 2021 batch advised that take some time for your preparation. He suggested that mostly interview questions will be from database management system, data structure and object oriented concepts. Check the availability of internet bandwidth while attending the interview. Most of the interviewers got bad impression while it got disconnected during the interview. He is currently working in languages like AngularJS, nodeJS and reactJS. He suggested that learn to solve basic programs in different programming languages and it is best to solve programming language rather than python. While signing the bond for company, check the back ground completely and check all the pipelined companies that have higher package.
- Mr.B.Muthukrishnavinayagam proposed the vote of thanks and thanked the alumni for their interaction with prefinal and final year students.

THE MINUTES:

The meeting is called for Alumni meet and considering the Postgraduate (M.E CSE) Programme.

DISCUSSIONS:

- Dr.A.Meenakshi welcomed the gathering and informed the student admission in the department for last 4 years.
- Dr.A.Meenakshi disseminate the vision, mission and quality policy, PEO and PSO statement of the department. She requested the students to have a student coordinator among them to interact with the department faculty members.
- Dr.A.Meenakshi described the utilization of lab facilities that supporting the curriculum. IOT lab is established in the department that has the support of edge computing and multiprocessor technologies. It provides the opportunity to develop skillset in artificial intelligence, machine learning and Internet of Things.
- Dr.A.Meenakshi shared the information about the two UG programme in our department B.E Computer Science and Engineering and B.Tech Artificial Intelligence and Data science and one PG programme M.E Computer Science and Engineering with the students. One of the benefits is that even though completed the UG program in another stream rather than CSE will also eligible for studying M.E computer science and Engineering.
- Dr.A.Meenakshi thanked their support in achieving the accreditation of autonomous. NAAC and NBA. She shared how industry gap is minimized through autonomous curriculum. Autonomous curriculum has value added course for recent technologies like data visualization, mongo DB, CCNA, AWS, Microsoft Azure. It is planned to deliver value added course through industry experts.
- Alumni are requested to give suggestions for teaching learning process followed in the department and their support in interaction with the junior students.

- The progress of the alumni is measured through outcome in terms of placement, entrepreneurship and higher studies.
- The non-placed students of 2021 batch students have the opportunity to pursue higher studies in the department with their additional preparation of Government exams.
- DR.M.Indra Devi thanked the alumni for joining their siblings in the college for the first year admission. She suggested to do higher studies in KCET that helps to get higher qualification along with their preparation
- Dr.R.Muthuselvi highlighted the importance of autonomous curriculum that have recent technologist roles like data scientist and block chain developer.
- Dr.A.Anandh suggested that keeping in touch with their friends, faculty members and with their department. He requested them to provide lectures in career guidance and advised them to put hard work in achieving the excellence of their job.
- Dr.R.Ramya requested the alumni to keep in touch with their juniors through value added courses, placement awareness and disseminate the information about PG programme.
- Mrs.K.Muthulakshmi congratulated the batch who got highest score of 12th marks in the department and suggested to refer the college website for sharing the views in the autonomous curriculum whenever required.
- Dr. P. Praveen kumar requested the alumni to sharpen the skills and update their knowledge to sustain in the IT industry.
- Balaharharan.M of 2021 batch suggested that having C# programming in the curriculum is useful for their projects. It is required in every company. For clearing programming level in the interview, it requires c, java and python.
- Harisangarpandian.M of 2021 batch volunteered to give IoT components to the department. He suggested that working in new domain like mainframe, COBOL, JSL is far from the programming languages learned in the curriculum.
- Devayani.J of 2021 batch shared her experience in working with Quantanics
- Ragul Vishva Kumar.V of 2021 batch shared his experience in currently working company. The skillset required are automated testing, xpath, selenium, etc. He suggested that giving awareness to the junior students is very important. It will be better if it is given as a value added course.
- Bala Bharathi. I of 2021 batch suggested that having self-analysis class once in a week that helps for adaptability, flexibility and acceptance that will leads to surveying in the industry and it helps for attitude development. Doing projects that support society that helps for analysing of the people throughout the globe.
- Mr.G.Srinivasan advised the students to concentrate the future career to learn, unlearn and relearn in their profession. He suggested the students to do financial planning and help society.

Agenda Items, Discussions and Perseverance made:

S.No	Agenda Items	Points discussed/ Perseverance
1	Introduction of PAC members by HOD/ ECE	The meeting had started in Microsoft Teams platform at 2.30 P.M. through online mode. Dr.R.Suresh Babu, HOD/ECE, gave an introduction about the PAC members.
2	Action taken for PAC V-minutes of the meeting	Dr.R.Suresh Babu, HOD/ECE, gave a brief presentation about the Action taken for PAC V. The following actions are taken in previous semester (2019-2020). 1. Renewed MoU for Tessolve Semiconductor Pvt.Ltd, Bangalore. 2. Insisted the faculty members to publish their research work in SCI Journal.

		<p>3. Faculties are motivated to publish in international publication.</p> <p>4. Trainings are given by industry and subject experts.</p> <p>5. The following Value Added Courses, Tessolve Semiconductor Test Engineering (STE)- Skill Development Course(SDC) and CLAD are successfully completed.</p> <p>6. The following Professional society activities, IETE-9 Activities ISTE-3 Activities IE-2 Activities are conducted successfully.</p>
3	Review of UG Course - Program Specific Outcomes (PSOs) for our autonomous status	<p>Dr.R.Suresh Babu, HoD/ECE presented the proposed PSOs for UG Program B.E-ECE to Review.</p> <p>PSO1: Ability to make use of attained technical knowledge in the field of Electronics and Communication for successful career and qualifying in competitive examinations at the national level.</p> <p>PSO2: Ability to develop workable solutions for real time challenges in Electronics and Communication Engineering.</p> <p>PAC members accepted the Proposed PSOs.</p>
4	Framing Program Educational Objectives (PEOs) and Program Outcomes (POs) for PG Course	<p>DR.R.SURESHBABU, HoD/ECE presented the PEOs and POs for Communication and Networking.</p> <p>PROGRAM EDUCATIONAL OBJECTIVES:</p> <p>PEO1: Graduates will be able to develop and provide optimal solutions to sub systems like Wireless Communication, Wireless Networks and Network security.</p> <p>PEO2: Graduates will be capable of critically analyze existing literature in the area of Communication and Networking and ethically develop innovative and research oriented methodologies to solve the problems identified.</p> <p>PEO3: Graduates will be able to apply their designing skills to meet out the challenges</p>

associated with Communication and Networking for the successful professional career in academia or industries or as entrepreneurs.

PROGRAM OUTCOMES

PO1: Investigate and independently carry out research and development work to solve practical problems in communication and Networking.

PO2: Comprehend and write effective report and make clear presentation of the technical document.

PO3: Demonstrate a degree of mastery to design and analyze the subsystems of modern communication systems and networks.

PO4: Acquire in-depth core knowledge, skills and wider perspective in the discipline of Communication and Networking.

PO5: Design, develop, evaluate, adapt to evolving technological challenges and provide valid conclusions.

PO6: Demonstrate the knowledge acquired in advanced communication techniques by solving real life problems by the use of computing tools.

PO7: Practice professional & ethical responsibility associated with Communication and Networking.

PO8: Identify, understand and review research literature and analyze challenging issues in the areas of Communication and Networking.

PO9: Design a system, sub system, component or process to meet social needs using Communication and Networking.

PO10: Acquire Core competencies with multidisciplinary fields.

PO11: Contribute positively to collaborative multidisciplinary scientific research.

		<p>PO12: Maintain a lifelong interest by acquiring confidence through independent attitude for learning.</p> <p>Mr.M.Chinnathambi, M.E., suggested that the Open source tools can be included along with computing tool in the PG Program outcome 6.</p>
5	<p>Review of Course Outcomes (COs) - Program Outcomes (POs) attainment</p>	<p>Dr.R.Suresh Babu, HoD/ECE presented the subject CO- PO attainment (Academic year 2020-2021) of UG Program B.E. – Electronics and Communication Engineering.</p> <p>Dr. V. Sathiesh Kumar, Mr.M.Chinnathambi and Faculty members suggested that to increase 5% in target for the attained subjects.</p>
6	<p>To fix the Subject Target of UG Course for Autonomous Syllabus</p>	<p>Dr.R.Suresh Babu, HoD /ECE presented the R2020 First Year Curriculum and Syllabi for UG Program B.E. – Electronics and Communication Engineering to fix the subject target for autonomous syllabus.</p> <p>Dr. V. Sathiesh Kumar suggested fixing the following target level for subjects.</p> <ol style="list-style-type: none"> 1. Humanities and Social Sciences including Management Courses (HSM) - 75% (Odd & Even Semester) 2. Basic Sciences (BS) - 75% (Odd & Even Semester) 3. Engineering Science - 70% (Odd & Even Semester) 4. Professional Core (PC) - 70% (Even Semester) 5. Engineering Science (ES) Lab - 80% (Odd & Even Semester) 6. Professional Core(PC) Lab -75% (Even Semester) <p>In addition, Dr.N.Pratheeba, Professor & Head/ENGLISH, Dr.K.Thanalakshmi Associate Professor & Head/Maths and Dr.T.Dhanalakshmi Associate Professor & Head/Chemistry suggestions about subject target are discussed.</p> <ol style="list-style-type: none"> 1. Humanities and Social Sciences including Management (HSM) - 60%

		<p>2. Basic Sciences (BS) - 60%</p> <p>Finalized target for Subject of UG Course of First year (Autonomous Syllabus 2020).</p> <p>1. Humanities and Social Sciences including Management Courses (HSM) – 60 % (Odd & Even Semester)</p> <p>2. Basic Sciences (BS) – 60 % (Odd & Even Semester)</p> <p>3. Engineering Science - 70 % (Odd & Even Semester)</p> <p>4. Professional Core (PC) – 70 % (Even Semester)</p> <p>5. Engineering Science (ES) Lab – 80 % (Odd & Even Semester)</p> <p>6. Professional Core (PC) Lab - 75 % (Even Semester)</p>
7	To fix the Subject Target of PG Course for Autonomous Syllabus.	<p>Dr. R. Suresh Babu, HoD/ECE presented the R2020 First Year Curriculum and Syllabi for PG Program M.E – Communication & Networking to fix the subject target for autonomous syllabus.</p> <p>Dr. V. Sathiesh Kumar suggested that fixing the following target level for subjects.</p> <p>1. Foundation Courses - 75% (Odd Semester)</p> <p>2. Professional Core - 75% (Odd Semester)</p> <p>3. Professional Elective - 75% (Odd semester)</p> <p>4. Professional Core (PC) Lab - 75% (Even Semester)</p> <p>5. Online Course (OC) - 75% (Even Semester)</p> <p>6. Employability Enhancement Courses (EEC) - 75% (Even Semester)</p>
8	To fix the Target for Co-Curricular and Extra-Curricular Activities	<p>Dr. R. Suresh Babu, HoD/ECE presented the Co-Curricular and Extra-Curricular activities followed in our college.</p> <p>Dr. A. Geetha suggested that fixing the following target level for Professional society activities.</p> <p>1. Co-Curricular Activities - 80%</p>

		2.Extra Curricular Activities- 10%
9	If others	Dr. V. Sathiesh Kumar suggested that motivate the students to register in Application level courses in Swayam Portal.
10	Votes of thanks	The meeting ended with the Vote of Thanks by Mr. R.Ashok, Assistant Professor, Department of ECE, Kamaraj College of Engineering and Technology, Madurai.

Feedback form had been shared with the alumni. Few feedback / suggestions given are:

- Good idea to organize alumni meet virtually.
- The virtual alumni meet should be organized in a way that the full control should be under coordinator.
- Alumni insisted to organize more alumni meetings.
- Alumni meetings can be organized virtually once every 3 months.
- Whatsapp / telegram group can be created for alumni.
- More events by alumni should be organized for the students.
