7.3.1 Additional Information:

Training Development and Placement (TDP) Cell

Training Development and Placement (TDP) Cell organises training programmes to upskill the students. The training programmes focus mainly on communication skills, Problem solving skills, programming and attitude. Students are also encouraged to undergo self-learning so as to bring about betterment in their skills. Mock interviews are also planned to help the students to present themselves in an interview.

Apart from faculty in TDP Cell, Faculty placement Coordinators, Training coordinators and Student Placement Coordinators support the facilitation of training and placement programmes. Training coordinators of each department do request for the kind of training required for their students. Student placement coordinators give regular feedback on the training and placement activities that are being conducted. Faculty placement coordinators motivate the students to attend recruitment and help them in understanding skill gaps.

Retention of recruiters is one of the main reasons for consistent growth in the placements and in the average salary. Retention of recruiters is enabled by providing skilled students to the industry and the close association with them. The TDP cell aims at providing a better career to all the students, there by supporting the nation's growth.

Every year, new recruiters are also visiting the campus to recruit students. This year (2020-21) the following Top MNCs have recruited our students: Zoho, FIS Global, TCS, Infosys, Capgemini, CEAT tyres, Zifo RnD Solutions, Hexaware,Wipro, Tersolve semiconductors, APteam, CTS, Byju's, etc

The activities conducted by the TDP cell during the year 2020-21 is shared below
