Kamaraj College of Engineering and Technology (KCET), Madurai is a self-financing Autonomous institution established in the year 1998. The Institution is run by a group of philanthropists who have rich experience in running 21 educational institutions. The Institution is approved by AICTE, New Delhi, and affiliated with Anna University, Chennai. The Institute offers 9 UG programmes and 2 PG programmes. Eight departments of this Institution has been recognized as research centres by Anna University, Chennai

The Institute is accredited by National Assessment and Accreditation Council (NAAC), Bangalore with an 'A' grade (CGPA - 3.03). NAAC extended accreditation of our institution with the same 'A' grade upto 2025 under the Transition Autonomous College. Totally, seven UG programme got NBA accreditation. NIRF India has ranked our college in the rank band of 101-150 in 2017 and 251-300 in 2020. Our Institution is rated as Gold Category in the AICTE CII Survey held in 2018. The Institute has been awarded the "Best in Infrastructure Award" by Dataquest, New Delhi.

Our Institute has received most prestigious awards from various organizations. They are,

1. "Best Engineering College in South India for Industry Interface" by CEGR, New Delhi.
2. AAA ranking from Career 390 Degree Magazine Survey.
3. Listed in "Band Promising in ARIAA 2021 Ranking".
4. Recognized in Private Category as "442 in National Rank and 4702 in World Rank by AD Scientific Index".
5. Ranked 91 in "Top T Schools 2022 by DATAQUEST – CMR".
6. The Institute has been ranked 28th among the India's Top Engineering Colleges in DQ Employability Tschool.
7. Our faculty members were recognized as Top 2% Scientists worldwide - 2022 by Elsevier BV, Stanford University.
8. Our faculty members are enlisted in world scientists and University Ranking 2022 & 2023 published by AD Scientific index and the institute got 147th Rank in Private category in India.
9. Our Institute has received 3.5 Star Ratings from Ministry Of Education, Government of India AICTES and Moe's Innovation Cell.
10. Swayam-Nptel recognized our institution as a valuable Local Chapter with a Rating of "A" based on the performance in NPTEL Online Certification Courses.
11. Our Institution was registered as a NDLI CLUB under the National Digital Library of India.
12. Our Institute has received "Education excellence award 2022 "from Sunil Gavaskar and "Best private Engineering College" in Tamilnadu 2023 award from Chamber of Commerce and Industry, New Delhi.
13. Our Institution has recognized AD Scientific Index World Scientists and University Ranking 2023, 69th in Private Category 357th in India.
14. Our Institute has received 23rd rank in Higher Education review Top 100 Engineering colleges in India 2023.
15. Our Institute has secured a notable achievement - 20th rank in the prestigious IIRF Engineering Rankings for the year 2023.

The institution has received around Rs.3.26 crores, so far as a research grant from various funding agencies like DRDO, DBT, BARC, and BRNS. Institute has filed 44 patents and 32 copyrights as Intellectual property rights. National Board of Accreditation visited our college for accreditation of BE (CSE) and BE (ECE) programmes in the Department of Computer Science and Engineering & Electronics and Communication Engineering on April 9th, 2023. Both the programmes got accredited for three years.

Our College has received prestigious Bhumi Campus Award for Most Socially Responsible College. Zee Digital organized 2nd Edition of Edufuture Excellence Awards and it was given to our Institution for recognizing exceptional work in education at a time when online/hybrid education has become the 'New Normal' along with the successful implementation of NEP by the Government of India.

CRITERIA I

CURRICULAR ASPECTS

Our institution was granted autonomous status for a period of ten years from 2019. Our institution has created the account in Digi locker framework as per recommendations from Ministry of Electronics and Information Technology (MeitYNational)'s e-Governance Division (NeGD).

From the academic year 2021-2022, our institution introduced new regulations R2021 for the UG and PG students. Regulation 2021 for all the branches are framed as multidisciplinary flexible curriculum based on NEP recommendations. The dual degree concept is also introduced as per the guidelines of our Parent University (Anna University, Chennai) and the implementation works are in progress. Honours and Minor degree will be offered to the students who secure more than 7.5 CGPA based on their willingness.

R2021 offers Coding Techniques I and II in the first year to enhance the programming skills and Mathematics Laboratory in the first semester to strengthen problem solving skill using simple Mathematical equations. Courses like Environmental Science, Principles of Management, Professional Ethics and Human Values etc., are offered to all the students for their holistic development. In addition, as per AICTE Model Curriculum, courses like Constitution of India, Design Thinking, Value Education, Stress Relieving Management in Yoga, Developing your Personality, Essence of Indian Knowledge Tradition and Appreciation of Sangam era Tamil Literature are offered as audit courses.

In the current academic year 2021-2022, for the successful implementation of National Education Policy and to cope with the demands in industry, employability enhancement courses were given with more weightage.

New Courses Introduced

R2021 was implemented to make way for NEP and we have introduced Employability Enhancement courses in the first semester itself.

CRITERIA – II

TEACHING-LEARNING AND EVALUATION

Student Enrolment:

A total of 543 students were enrolled in our Institution during the AY 2022-23 with 536 students in UG programmes and 7 students in PG programmes. The total student strength of our institution was 1950 during the academic year and the faculty strength was 159; out of them 64 faculty members were Ph.D holders.

Programmes for Slow and Advanced Learners:

In our institution, faculty members are assigned with responsibility as Mentor and each mentor will have an average of 15 to 20 students. The students performance is continuously monitored through the interaction in classroom & laboratory. Once the slow learners and advanced learners are identified through the continuous assessment, various support systems are provided for them.

Methodologies to support slow learners:

Faculty mentors closely monitor the academic progress of the students and support them in improving their performance. Activity based content delivery is adopted during the lecture for better understanding of concepts. Remedial classes and Arrear coaching are given to the slow learners in order to complete their graduation within the stipulated time.

Methodologies to support Advanced Learners:

Advanced learners are encouraged to participate in national level competitions like Hackathon. Students get more exposure on technical aspects and higher studies. Students are encouraged to clear national level exams like GATE which increases the cognitive level of the students. Students are motivated to do self-learning. Advanced learners are appreciated in the Achiever's day organized by the institute.

Teaching- Learning Process:

The institution ensures the use of student-centric methodology such as experiential, participative learning and problem solving methodologies in teaching-learning process. This enables the students to be active participants rather than being passive listeners. The learning becomes more experiential, participatory and socialistic by organizing activities like group seminars, quizzes and assignments

a) Experiential Learning:

The institution imparts the following experiential learning practices to enhance creativity and cognitive levels of the students. Students are encouraged to take up innovative projects and mini projects. Professional chapters like ISTE helps to improve the learning skills of the students. Internship helps the students to work in industry projects. Students have excelled by participating in Technical Contest, PALs Programme, Workshops, Competitive Exams, Internships, and Self-Learning courses like NPTEL.

b) Participative Learning:

Students participate in various activities such as Seminars, Guest Lectures, Conferences, Group Activity.

c) Problem Solving Methodologies:

Students develop mini projects beyond the curriculum. Students implement real time projects and participate in technical contests in order to improve critical thinking, creativity and problem solving skills. Case studies, aptitude and logical training are provided to students to enrich their problem-solving skills. Students solve their lab exercises through E-Box.

ICT-enabled tools including online resources:

The institution continuously encourages modern innovative ICT-enabled tools in all aspects of the curriculum. The ICT-enabled tools promote student engagement and enhance the learning ability of students. Thereby it forges a new path of teaching excellence thus contributing to quality education. All the classrooms are well equipped with LCD projectors to deliver interactive lectures and demonstrations through animations, PowerPoint presentations and videos. Campus is enabled with Wi-Fi internet facility with 500 Mbps bandwidth. This allows the students to enrich their knowledge and skills by exploring online platforms. The institution has a state of art digital library, well equipped with e-books and subscribed e-journals which serve as a knowledge resource centre.

ICT based Teaching Methodologies such as MS Teams, White board Tutorial point, Driodcam, 8085 simulator App, Slide share, Google classroom, Programiz, Blender, Weka, ZoomIt, Python visualizer, Bingo were used.

ICT in Assessment Methods were also implemented. Quiz platforms (Kahoot, Outlook, Google Forms, Easy Test Maker), Interactive Assessments (Polly, Google classroom, Canvas Quizziz, Proprofs Quiz, Edmodo), Designing Posters/Charts (Canva, Padlet), Lab Exercises (IIT Virtual Lab, E-Box, LABVIEW, MATLAB), Innovative Class Games (Crossword, word search puzzle, Educaplay, Role play) are some of the plaforms used in assessments.

Evaluation Process and Reforms

All theory courses, practical courses, and project works are evaluated for a maximum of 100 marks. Performance in each course of study is evaluated based on: i) Continuous Internal Assessment System ii) End Semester Examination. The institute has an Examination Cell headed by the Controller of Examination for the smooth conduct of internal and end-semester examinations.

Processes integrating Internal Test

Continuous internal assessment comprises of three cycle tests of written practice consisting of 2 marks/ 8 marks/ 16 marks questions and one /three assignments. The assessment (cycle test) will be conducted as per the schedule given in the academic calendar. Each test carries a maximum of 50 marks and will be conducted for a duration of 90 Minutes.

R2020, R2021

In R2020 and R2021, Internal marks shall be calculated by considering the average of the best two Internals.

R2017

In the 2017 regulation, internal marks are given equal weightage to all three tests.

End semester Theory & Laboratory Examinations:

The end-semester theory examinations are conducted through offline mode. All the faculty members evaluate the paper and enter the marks in ROVAN software. CO-PO mapping is also done for the evaluated papers in ROVAN software.

Student Performance and Learning Outcomes

Institution has stated the programme outcomes as described by NBA for all the programmes. Programme specific outcomes are framed by the concerned department and approved by Programme Assessment Committee (PAC). Course outcomes of each course are framed by the subject experts and are approved by the head of the concern department. After Autonomous, Regulation 2020 (KCET R2020) and Regulation 2021(KCET R2021) curriculum and syllabus are framed by the Institution. All the courses are grouped into various domains and the faculty members in each domain frame the course outcomes. Course Outcomes are approved by the subject expert and the Head of the Department. The syllabus along with the course outcomes are presented in the Board of Studies (BoS) meetings. The suggestions and modifications given by the BoS members are incorporated in the syllabus. The course outcomes are disseminated to the students through course plans, lab manuals/records, project reports, internal examination question papers etc.

Program outcome and course outcome are evaluated using the in house tool (copyrighted excel sheet-Reg No: SW13027/2019) developed by our faculty members. Attainment levels of the programme outcomes and course outcomes of the course are calculated for R2017, KCET R2020 and KCET R2021 autonomous curriculum. The institution ensures the attainment of COs-POs-PSOs through direct and indirect assessment.

Programme outcomes and programme specific outcomes are disseminated to the teachers and students through

RESEARCH, CONSULTANCY AND EXTENSION

Kamaraj College of Engineering and Technology has a well-defined policy for promoting research. The detailed institute research policy is available in our college website. Kamaraj College of Engineering and Technology has seven dedicated research centres with advanced instruments to promote research activities. These centres have also received substantial funding from DST-SERB, DBT, DRDO, etc.

As a follow-up of research promotion policy, the following initiatives have been taken in this period.

1. Provided study leave, sabbatical leave, duty leave to faculty members for doing research.
2. Given paid leave for preparing synopsis, thesis and viva voce for faculty members doing part time research.
3. Institute appreciates and honours the faculty members who published good research work
4. Provided financial assistance to faculty members to visit research lab / industries
5. Encouraged faculty members to apply for summer research fellowship
6. Granted seed money Rs. 2.85 lakhs to faculty members for research

Extension Activities

A strong contingent of one NSS Unit with 100 volunteers, a company of NCC Cadets comprising 52 Cadets and different service channels such as Youth Red Cross, Rotaract Club, Red Ribbon Club, Gardening Club conducted activities during last year aimed for the empowerment of nearby villages. NSS team of 100 students has celebrated NSS day in our campus. Our Institution has received Best NSS unit award and Ms.M.Aswinilakshmi has received Best NSS volunteer award. NCC team of 52 students has organized various programs such as Puthaga mathippurai, Guest lecture on Pride of defence forces and celebrated International Yoga day. Our college NCC team has received overall championship for participating in various activities and cadet Dhanush.R.K has received Best Cadet award in the competition "Yuva Yodha 23". NCC team has also received recognitions from various agencies in the year 2022-2023. YRC club has organized a Blood Donation camps with a maximum of 83 donors and has received an appreciation from Tamil Nadu State Blood Transfusion Council, Chennai. Fine Arts club with 86 volunteers has organized various programs such as Cultural programs, Onam celebration, Pongal celebration, Kamaraj Grand Festival etc., Tech-O-Fest 2022 was conducted with 650 participants to bring out the talents of our students in various events such as Elocution, Poetry, Creative writing, Drawing, Photography, Cooking, Mimicry, Rangoli, Quiz, etc.,

The awards and achievements received by the students for extension activities from Government / Government-recognised bodies is listed below.

CRITERIA – IV

IV - Infrastructure and Learning Resources

The institute has enough classrooms to accommodate the teaching needs as per the existing norms laid by UGC. All facilities are being used to the optimum according to a flexible time table generated. Each classroom in the department is provided with LCD projectors. Class rooms, Tutorial rooms, Laboratories and Workshops are constructed as per recommendations given in the handbook of AICTE. Every department has been provided with adequate number of labs required as per curriculum. These labs are sufficient enough to cater to the existing strength of students. The Head of the Department of respective department or the faculty concerned chalks out a plan/schedule for optimization of labs by the students. Optimal utilization is ensured by utilizing lab facility in an efficient manner. Along with a main library, ten departmental libraries enhance the learning process. The modernized main library has a digital section to access e-journals and video lectures.

Our students are motivated to attend national and international level competitive examinations like GATE, GRE etc. The following is the list of students who have qualified in various examinations.

C.P.Santhosh Lal – PT - 2021
KTH Royal Institute of Technology in Stockholm, Sweden

S. Abirama Sundari BT- 2022
M.Tech., IIT Guwahati

R. Vishwa BT- 2022
Direct Ph.D., IIT Guwahati

A. Allan Blessing Harison Raj BT-2022
M.Tech., IIT Guwahati
Other than academics, our students have achieved and proved their talents in NSS, Sports and Cultural Activities.

CRITERIA – VI

Kamaraj College of Engineering and Technology (Autonomous) is governed by elected members of various Mahamai Tharappus of Virudhunagar, with the vision to make this Institution the unique of its kind in the field of Research and Development activities in this part of world and the mission to impart highly innovative and technical knowledge to the urban and unreachable rural student folks through total quality education.

The Secretary leads the administration who ensures liberal, democratic and barrier free management aided by Principal, Deans, Controller of Examination, Heads of the departments, Training and Placement Cell and other committees. Adequate freedom is provided to faculty members to formulate plans for strengthening teaching–

learning process, academic advancement, nurturing multifaceted talent in students and encouraging enthusiastic learners to aim for professional competency. Our institution vision reflects in various needs of society through research forum.

ICTACT sponsored a Five day Faculty Development Programme on Cloud Practitioner (AWS)

CRITERIA – VII

Best Practice

Title of the Practice:

Gender Equity

Objective of the Practice:

To ensure fair treatment, opportunities, and outcomes for individuals of all genders. Unlike gender equality, which focuses on providing everyone with the same resources and opportunities, gender equity recognizes that different people have different needs and may require different supports to achieve fairness.

The Context:

Understanding gender equity requires examining various contexts in which it operates. These contexts influence how gender disparities manifest and how they can be addressed.

The Practice:

College:

The College is very keen on the desires, aspirations, abilities and professional skills of human resources as men and women, without any discrimination about their gender. Further extensive efforts are taken into account for the communal and artistic factors involved in gender-based exclusion and prejudice in the most diverse spheres of community and personal life.

Committees like Complaints cum Redressal and Anti ragging are established to monitor and address safety, security and social issues of the students and it is administered by the Dr. K. Thanalakshmi, HoD/First Year.

The College has a Women Cell which addresses the issues faced by women students and Dr.R.Ramya of Computer Science and Engineering Department is the incharge of it. CCTV cameras are installed inside the college premises which provide 24 hours surveillance in order to observe the ongoing activities. The College organizes seminars/special talks on a regular basis in order to endorse social values such as gender equality, gender sensitivity and highlights social problems such as women's safety, dowry issues, women's health etc.

Mentoring is provided to the students for one hour in every week in all the departments. Counselling focuses on the problems faced by the students during examinations like fear, lack of concentration, time management and failure. Such students were identified and special counselling was given to them.

Department:

Complaint box is kept for getting suggestions and complaints from the students and staff concerting any abuse or harassment.

Hostel:

A full-time warden is appointed for the girl's hostel.

Each of the men's and women's Halls (Hostels) is manned with round the clock security.

Securities are posted all around the campus, round the clock to ensure the safety and security of students.

Health Aid Facilities:

The College has appointed a nurse for dealing with the health issues of girl's students. Napkin vending machine has been installed in the ladies' main rest room.

Awareness Programs and Lectures/Special Talks:

The College organizes seminars/special talks on a regular basis in order to endorse social values such as gender equality, gender sensitivity and highlights social problems such as women's safety, dowry issues, women's health etc.

Every year, college organizes various programs like Personality Development Camp, Stress Management, Yoga and Meditation Training Programme, International Women's Day etc.

Measures initiated by the Institution for the promotion of gender equity

Recognition of women as Head of the Department is provisioned with the aim of achieving equal, unbiased and multidimensional representation. As a token of promoting gender equity amongst the faculty members, we wish to highlight that out of fourteen departments that are functioning in the college, six departments are headed by women HoDs as given below.

S.No	Department	HoD Name
1.	Computer Science and Engineering	Dr.A.Meenakshi
2.	Electronics & Communication Engineering	Dr. R. Suresh Babu
3.	Electronics & Instrumentation Engineering	Dr.D. Prince Winston
4.	Polymer Technology	Dr.S. Gandhi
5.	Information Technology	Dr. E.Vakaimalar
6.	Bio-Technology	Dr.R. Shyam Kumar
7.	Electrical & Electronics Engineering	Dr.D. Prince Winston
8.	Mechanical Engineering	Dr.S.Thanga Kasi Rajan

9.	Civil Engineering	Dr.N.Jegandurai
10.	Mechatronics Engineering	Dr. K. Kannan
11.	English	Dr.N Sundararajan
12.	Mathematics	Dr.A.Maheswari
13.	Physics	Dr.M.Shanthi
14.	Chemistry	Dr.T.Dhanalakshmi

Instituitional Distinctiveness

Placement plays an integral part of the academic structure and is a priority to our institution, which continues to steer towards the educational vision of Karmaveerar "Bharat Ratna" K. Kamaraj. The institution has a well-established Training Development & Placement Cell (TDP Cell) that helps students to improve their skills and uplift them by providing more placement opportunities. For the benefit of students, the institution, through TDP Cell, has facilitated well-designed and structured programs, including soft skill programs, communication skills, life skills, and computing skills. These programs help the students to develop their leadership qualities, responsibility, communication and presentation skills. Consistent efforts have been taken by the TDP cell to conduct Aptitude training in the regular academic schedule to facilitate the students in preparation for the interviews and to face competitive exams. The employability skills are often modified through the close association with numerous companies and also based on the feedback of employers that keep us up to date in planning and executing the training modules for students. In 2022-2023, TDP Cell enabled 342 students to get placed in reputed companies, resulting in 383 offers with an average salary package of 3.65 LPA.

GREEN AUDIT

Green Audit is yet to be done in the campus, however, it is covered with a green environment of 46,855 square meters to ensure a sustainable atmosphere inside the college. It is given parental care by the 'Green Energy' club. The campus is gifted with a canopy of trees and plants that makes the environment free from less carbon dioxide pollution and helps to maintain good health for all. Banyan trees, Mango trees, Neem trees and other trees are grown so as to provide shade and good ambience.

IQAC Plan of Action for the next Academic Year 2023-2024

1. Revise the R2021 curriculum and syllabi to better align with industry needs, and introduce provisions for both Major and Minor degree courses.

2. Finalize the preparation of the R2021 curriculum and syllabus.

3. Organize funded seminars or workshops focused on improving institutional processes.

4. Host an International Conference on Recent Trends in Technology.

5. Increase the number of Start-up incubation centers.

6. Transform more projects into marketable products and patents.

7. Secure copyrights for additional laboratory manuals.

8. Expand intake in emerging fields, achieve a higher ranking in NIRF, and boost research publications and projects.

9. Encourage faculty to participate in industrial training and to collaborate with international universities for dual degree or twinning programs.
