The following suggestions were given by the BoS Members.

- The members appreciated the proposed syllabus for the Environmental Science and Engineering Course. Prof. Bhaskaran suggested to include details about ISO 14000 in the Unit V. Prof. Murugesan noted that in Unit IV, lot of information need to be discussed in Air Pollution and Water pollution and it would require more hours. The periods should be replaced by hours so that credit calculations will be easier. The syllabus was accepted without any changes.
- Dr. S. Shamim Rishwana presented the proposed syllabus for One Credit Courses.

The following suggestions were given by the BoS Members.

- Prof. Murugesan asked whether students of all branches can undergo these courses. He also suggested that the courses should be conducted based on NAAC requirements and if possible these courses may be offered as certificate courses. The members also enquired the type of assessments.
- Prof. Murugesan suggested that text books should be added for the courses.
- Prof. Devasagayam suggested that in POLYMER SYNTHESIS AND TESTING course, extrusion moulding technique can be added.
- The members suggested that equal weightage of hours should be given for all the units.
- All BoS members gave their formal approval for the syllabus.
- The meeting ended with the vote of thanks proposed by Mr.N. Sivakumar.
